

Lexmark Quality Policy Statement

Vision:

At Lexmark International we believe in what we do...“We help customers make a lasting impression on their world”.

Our Mission:

We work with passion, conviction, and speed to solve challenges, create new opportunities and enable responsible operations for partners and customers. We power this future through innovative people, technology and services.

Quality:

Our longstanding focus on quality is driven by each employee, business partner and supplier working as a team that is committed to the quality of our individual work, and continuous improvement in all our processes, products and services.
